THE SHAPE OF A DAY

We do not run a timetable. Meals are served across long windows so that no one is waiting on a kitchen, and the camp is arranged so that a day can be filled or left entirely empty. What follows is simply when things tend to happen.

6.00 – 9.00am	Breakfast — whenever you come down, or in the tent, or out on the plains with the vehicle.
From 6.00am	Dawn Game Drive — the long morning out, returning mid-morning.
7.00 – 8.30am	Bush Walk, Bird Walk or Yoga — for mornings in camp. See the note below.
11.00am – 1.00pm	Beading, Junior Rangers, Foraged Lunch — the middle of the day, when the light is hard and the animals are resting.
12.30 – 3.00pm	Lunch — a long window, wherever you would like it.
2.00 – 3.45pm	Photography Workshops — camera at two, phone at three, in the Photo Atelier.
From 4.00pm	Golden Hour Game Drive
6.00 – 7.00pm	Sundowners — in camp, or out where the drive happens to end.
From 7.00pm	Bonfire and Cinema Under Canvas
7.00 – 10.00pm	Dinner — at the table, by the fire, in your tent, or out under the sky.
8.00 – 10.00pm	Bush Sound Bath — thirty minutes, at the spa, at an hour that suits you.
8.30 – 9.30pm	Celestial Observation — on the Sky Deck, moon and cloud permitting.
9.30pm – 7.00am	The Star Bed — the whole night, on the Sky Deck.

ONE THING WORTH KNOWING

The bush walk, the bird walk and morning yoga run while the vehicles are out on the plains. They are for the mornings you decide to stay in camp — you cannot do both on the same day. Most guests take a morning in camp somewhere around the third day, and are glad they did. Yoga can also be arranged at dusk if you would rather not give up a drive.

AT LEISURE

Holistic treatments inspired by the rhythms of nature.

FITNESS PAVILION

Ask, and it moves. Every hour on this page can be shifted, split or set aside. Workshops are arranged the day before with your host, in small groups and with our compliments. If you would rather spend the day doing nothing at all, that is also a plan we know how to support.
